

Golden Eagle Voyage Weekend

March 15th - March 17th, 2024

Spend an event-filled weekend in gorgeous Central Pennsylvania while we attempt to catch a glimpse of the elusive Golden Eagle during their annual spring migration!

Enjoy the comforts and accommodations of the Nature Inn while experiencing the natural beauty of Bald Eagle State Park. While Golden Eagles are the main attraction, there will be several other opportunities throughout the weekend to observe Bald Eagles and other local bird life.

Friday evening will begin with a delicious dinner followed by a presentation about birds of prey in Pennsylvania with the Bald Eagle State Park naturalists.

On Saturday, guests will travel to the Tussey Mountain Hawk Watch where they'll look for a variety of hawks and migrating Golden Eagles with assistance from experienced hawk watchers. The trip will continue on to Shaver's Creek Environmental Center for a hearty, hot lunch provided by the Nature Inn. After lunch, guests will enjoy a tour of the rescued birds of prey in the Shaver's Creek Aviary. To finish the day, the group will return to the Inn for another specially prepared dinner.

On Sunday morning, guests will round out the bird-filled weekend with an Early Bird Migration Watch in the park after a pleasant breakfast. If the weather is right, the group will be able to spot some migrant bird species before checking out of the Inn!

"Tussey Mountain consistently records the highest seasonal totals & peak daily counts of migrating golden eagles in spring in the eastern United States."

~ Birds of Central Pennsylvania

**Please call the Nature Inn at 814-625-2879
to inquire about pricing.**
