

# Kayak Adventure Weekend

August 12<sup>th</sup>-14<sup>th</sup>, 2022

Experience the Pennsylvania Wilds by paddling on Bald Eagle Creek & F.J. Sayers Lake while staying within the unique comforts of the Nature Inn at Bald Eagle State Park!

Upon arriving Friday, you will begin by meeting the park naturalists to discuss the weekends float plan. Following a brief planning session, a locally sourced dinner will be awaiting you on the patio of the Nature Inn. To end the day, the park naturalists will lead the group onto the lake for basic paddling instruction and relaxation during an Evening Sunset Paddle.

Saturday will be spent floating down the Bald Eagle Creek! The park naturalists will be along to point out and discuss local flora and fauna seen along the way. A creek side lunch will be provided at historic Curtain Village and Eagle Iron Works. During the stop for lunch, park naturalists will discuss the history and importance of the area. The remainder of the afternoon will be spent paddling back to Bald Eagle State Park. After dinner at the Inn on Saturday, take the time to explore Bald Eagle State Park or local attractions on your own.

Be sure to wake up early on Sunday for a hot breakfast and a Morning Float to conclude the weekend.

**Please contact the Nature Inn at 814-625-2879 to inquire about pricing.**

### Package Includes:

- Two-night accommodations.
- Meals include dinner both evenings, breakfast both mornings, & lunch Saturday.
- Kayaking opportunities on F.J. Sayers Lake & Bald Eagle Creek.

~~~~~  
\*Kayaking is a water sport. You will get WET! Prior kayaking experience is recommended.

\*Participants must be in good physical condition & able to independently perform all kayaking tasks.

\*Participants must be at least 15 years old to participate.

\*Participants must provide their own transportation to launch sites within BESS & Milesburg. A shuttle will return you to your vehicle.

\*An additional \$40 a person is required for kayak rental & may be paid by either cash or check that weekend. You may bring your own kayak but will be responsible for transportation to & from the launches.
